APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the Place of Use and Manner of Use of the waters of Three Springs Creek as heretofore granted under Permit 10218, Certificate 2762 is issued subject to the terms and conditions imposed in said Permit 10218, Certificate 2762 and with the understanding that no other rights on the source will be affected by the change proposed herein. A measuring device must be installed and measurements of water use kept.

This Permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

This permit is subject to the condition that the permittee must ensure that wildlife which have customarily used such water will have access thereto, NRS 5

The diversion of water under this permit is limited to the period from May 15 to October 15 of each year.

Excess diverted water may be stored in a surface reservoir not to exceed 9.9 acre-feet for use between October 16 of one year to May 14 of the following year.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.09 cubic feet per second, but not to exceed 8.84 million gallons seasonally.

Work must be prosecuted with reasonable diligence and be completed on or before July 24, 1988

Proof of completion of work shall be filed before August 24, 1988

Application of water to beneficial use shall be made on or before July 24, 1992

Proof of the application of water to beneficial use shall be filed on or before August 24, 1992
